

In the prosecution of my commission
I have expended \$6325 for personal expenses,
postage, paper and hundreds of other things
for which I have taken no vouchers, not
intending then, to make a charge against the
government. I have, however, set them down
in my memorandum. It will be seen from
my last^d that I have made no charge yet,
for my services.

Houston, June. 1837.

Jefferson Chambers
Major Genl. T. A.
